Subject: RE: stimulus money

Peter,

The account number should be [REDACTED] so if you have not entered the order yet please us it. Sorry for the confusion.

Peter,

This should be all set now. Please enter your order using [REDACTED] unit [REDACTED]

Hi Linda and Tom,,

I searched over some old e mail and found draft language for the stimulus grant application indicating that these antisera are included. I forwarded that top Tom.

I can wait until Friday before placing the order. Hopefully that will be sufficient time to set up the long anticipated account.

Thanks for the assistance, Peter

Linda,

I spoke with Ann and the account that should be used is [REDACTED] however it has not been set up in the purchasing system. Debbie is still out and Gerry does not have the access to setup a new account or unit in the system. The other thing that Ann mentioned was that we can only spend the money on what was requested in the grant. Are these supplies what was requested and can Peter wait another day or two for Debbie to come back so that the account can be setup in the purchasing system?

Thanks

Hi Peter:

I just spoke to Tom about this – he will look into it tomorrow and report back. Hopefully there is a simple (and quick!) solution – if not, you may need to proceed with Plan A (buy off of the [REDACTED] account) in order to meet your immediate supply need. Let's see what he can tell us tomorrow.

Thanks,

Lh

Subject: RE:

Hi Linda,

I need to know what unit number and account to use. It was previously confirmed for me that 5164 would be set up with 5K under [REDACTED] but I can't find it. There are other lab supply unit numbers listed in the budget files under that account but I don't know if I need to use one of those instead. If there is another unit number that I should be using can someone please let me know? Ann's mention of account [REDACTED] below only adds to my confusion. I can't find anything under that either.

Thanks, Peter

Hi Peter:

Is there is no money in this account that is available to spend? I lost track of the status of the account after this email.

The ARRA funding in appropriation [REDACTED] is set to encumber or spend. You have \$7,000 in lab supply funds. Is this funding something you want to utilize prior to 12/31/09 (the funding expires 12/31/11)?

If so, please let me know.

Thanks

Ann
